That the owner's request to demolish and replace the rear addition of the house on the heritage listed property at 19721 Main Street, Alton, be supported.

PUBLIC MEETING

Chair N. deBoer advised that the purpose of the public meeting is to obtain input from the public and that any concerns or appeals dealing with the proposed applications should be directed to the Legislative Services Division. He noted that any interested persons requesting further notification regarding the proposed applications are advised to sign the appropriate notification form as required.

1. Application for Proposed Official Plan Amendment POPA 17-04, Palgrave Estate Residential Community, Ward 4

Chair N. deBoer confirmed with Margherita Bialy, Community Planner, Community Services, that notification was conducted in accordance with the Planning Act.

Bobby Gauthier, WSP provided a presentation regarding the Application for Proposed Official Plan Amendment POPA 17-04, Palgrave Estate Residential Community, Ward 4. Mr. Gauthier provided an overview of the project including details related to the study area, background on the process, and the current status. He indicated that the previous open houses were received positively. Mr. Gauthier highlighted several key policy items within the report including housing clusters, density and growth considerations.

Chair N. deBoer thanked Mr. Gauthier for his presentation.

PUBLIC COMMENTS

Bobby Bhoola expressed concerns related to servicing within the Palgrave Estate Residential Community. He questioned if new water lines would be extended to existing developments and if the surrounding environment would impact water quality in the area.

Dale St. Clair expressed that in his opinion a reduction in the size of the estate lots is required. He raised concerns related to density, the size of the homes being constructed and land conservation. Mr. St. Clair provided comments related to the need for natural windbreaks and better landscaping in the area.

Debbe Crandall provided a brief history of the Palgrave Estate Residential Community and stated that in her opinion, the policy fails to capture the true nature of the area. She provided comments related to the development of small-scale agriculture, diversity of vocation and climate change. Ms. Crandall expressed her support for increased diversity within the policy area. She stated that in her opinion, climate change considerations, and additional details should be included within the policy report. Ms. Crandall highlighted that in her opinion some developments within the policy area do not reflect the rural character of the area. She stated that from her perspective, the vectors for success should include quality of life and local environmental issues.

A response was provided by the presenter.

Cheryl Connors stated that she was disappointed in the process thus far concerning the proposed policy, citing lack of public input, discussion and clarity within the report. She noted in her opinion the report is incomplete. Ms. Connors raised concerns related to secondary dwellings, the concentration of septic systems, cluster developments, light pollution, minimum distance separation in the area, and lack of recreation facilities. She questioned the accuracy of the maps related to the proposed policy and how lands are zoned. Ms. Connors requested more time and consultation related to the proposed policy.

A response was provided by the presenter.

Dale St. Clair provided additional comments, citing that in his opinion estate homes are a thing of the past and that development properties should be limited to farm lot dimensions. He stated that the proposed policy should support the tourism industry.

Kathleen Wilson expressed that, in her opinion, the proposed policy requires more time. She stated that she found the report difficult to read, and suggested simpler language. Ms. Wilson raised concerns related to the lack of infrastructure upgrades in the area, specifically fibre for high-speed internet. She noted that there are no recreational facilities in the area for young families. Ms. Wilson commented on the lack of beautification surrounding the entrances to the area.

A response was provided by the presenter.

Sarah Dolamare expressed concerns with the proposed policy, stating that the policy excludes small-scale commercial uses that are appropriate and in keeping with the rural landscape. She provided comments related to healthy communities, traffic calming features and issues with speed in and around the policy area. Ms. Dolamare supported stronger language within the policy related to sightlines and rural identity.

Angie Strzalka expressed concerns with the notification process related to proposed policy changes, and that more time is required to discuss the proposed policy. She stated that in her opinion additional consideration is required with respect to cluster homes, infrastructure and the size of developments permitted.

Sarah Dolamare provided additional comments with respect to the local wildlife and environment.

Dale St. Clair expressed support for LED lighting in the Town of Caledon.

Peter Dittmar expressed concern related to the condition of local roads in the Palgrave area.

John Rutter expressed support for allowing small-scale agricultural commercial stores in the policy area. Mr. Rutter proposed that climate change should be a consideration in the proposed policy.
