A. Application for a Town-Wide Zoning By-law Amendment.

The Town of Caledon is proposing a Town-wide Zoning By-law amendment which will permit additional agriculture-related uses within Agricultural and Rural zones. Recently approved amendments to the Town of Caledon Official Plan have been implemented to reflect the latest changes to Provincial Policy with respect to agricultural uses. These changes encourage on-farm diversification, agri-tourism, agriculture-related commercial and agriculture-related industrial uses. The intent of the proposed zoning by-law amendment is to enhance the long term viability of farm operations within Caledon as well as to encourage appropriate economic development within the agricultural community.

The purpose and effect of the Zoning By-law amendment is to implement the updated policies of the Town's Official Plan to include on-farm diversified use, agri-tourism, farm-based alcohol production facilities agriculture-related industrial and agriculture-related commercial uses. These proposed changes will add select Agricultural zones with associated General Provisions to regulate their operation, limit their size, etc. In addition, minor editorial changes are proposed to certain definitions and zone standards, where necessary.
